# The new CEEEOACH™

Easy group communication for connecting trainer and student in equestrian sports.

With the new CEEEOACH™ 2-6 participants can communicate over a distance of up to 500 meters (1600 ft) without a smart-phone or mobile phone network using modern Bluetooth® technology.

The communication system that networks even without a network - handy, lightweight, sturdy and intuitive to operate.

All functions can be controlled with just three buttons. The wave-shaped design of the CEEEOACH™ enables optimum operation, even when wearing gloves or without looking at the device.

Three individual configurations can be set up easily (Moderator, Participant and Private Mode).

*"I had been looking for a system that enables direct, uncomplicated dialogue between the instructor and students for a long time."*

**Terhi Stegars**

National team Finland,  
ranking leader dressage (Finland)

Partner in Outdoor Sports

More reliable than standard radio systems

Crystal clear sound

Simultaneous talking with Full-Duplex

Red-Dot® awarded design

Splash- and dust-proof

Easy and intuitive operation

Fast Plug & Play connection

High battery performance

Easy  
selection  
between  
three modes

**Trainer Mode**

The trainer talks -  
up to 5 participants listen.

**Participant Mode**

The participant and trainer  
can speak with each other,  
all other participants can only listen in.

**Private Mode**

The trainer can place an active  
conversation into Private Mode.  
Then the other participants cannot listen in.
